ABSTRACT

This booklet lists 100 books, articles, and theses dealing with the general topic of open plan schools. Most of the publications listed were published between 1965 and 1970, although a few entries are included from the period 1960-1965. ED numbers are given for those books that have been indexed and abstracted through the Educational Resources Information Center (ERIC) system. Sources consulted in preparing the bibliography include "Canadiana," "Canadian Education Index," "Cumulative Book Index," "Current Index to Journals in Education," "Directory of Education Studies in Canada," "Education Index," "Education Studies in Canadian Universities," "Research in Education," and "Research Studies in Education." * Documents acquired by ERIC include many informal unpublished *
* materials not available from other sources. ERIC makes every effort *
* to obtain the best copy available. Nevertheless, items of marginal *
* reproducibility are often encountered and this affects the quality *
* of the microfiche and hardcopy reproductions ERIC makes available *
* via the ERIC Document Reproduction Service (EDRS). EDRS is not *
* responsible for the quality of the original document. Reproductions *
* supplied by EDRS are the best that can be made from the original. *
